WHO WE ARE

ASIS International is the world's largest security management association with over 34,000 security and law enforcement professionals committed to protecting their communities. The ASIS Chicago Chapter, among the top ten largest in the association, allows members to connect with the organization's efforts to advance the security industry both locally and abroad. By offering events, mentorships, professional learning opportunities and certifications, the ASIS Chicago chapter acts as a great resource locally for all security professionals.

As part of the world's largest security management association, you'll instantly connect with the heart of security thought leadership. You won't just be in the know when security management advances, you'll be among the first to know—so you're always equipped to lead your team based on the latest intelligence and can create a development pathway rooted in standards and guidelines. Aligning your team with ASIS also elevates your organization's credibility—among insurers, regulators, the public, and clients—leading to a stronger reputation overall.
