April 2026 Message from Your Chapter Chair, Mary Therese Tylus, MA

Happy Spring, everyone! As they say, March went out with a roar and some very interesting weather! And as you read this newsletter, April is starting out with those showers to bring us the gorgeous May flowers!

Join us for our monthly Chapter meeting on Thursday, April 16, 2026, at Harry Caray's. Our featured speakers are G. Michael Verden and a guest speaker who will jointly present: In the Media Spotlight as a Subject Matter Expert - A Live Interview. Mike and the guest speaker (a guest professional news anchor) will introduce themselves and answer tailored questions based on their respective backgrounds. After that, the news anchor will conduct a live mock interview to allow the security subject matter expert to provide their perspectives on current news as well as security topics. At the end of the interview, both participants will have a fifteen minute opportunity to respond to follow-up questions from the audience. You don't want to miss this one-of-a-kind presentation, so buy your ticket today! I look forward to seeing all of you at this meeting!

NextGen/Mentorship Chairs have announced their evening networking event on Wednesday, April 22, 2026, from 5 – 7 pm at the BENCHMARK, 1510 N Wells St, Chicago. Details have already hit your mailbox, so sign up and get your ticket today. Sponsorships are also available, so please reach out to our Mentorship Chair, Omar Scarpetta, at scarpettaomar@gmail.com or Mike Ortiz, NextGen Chair, at mike.ortiz@bmo.com. Tickets are \$60 and include food and drinks. See you there!

Our new Chicago Chapter Women in Security Co-Chairs, Ewa Urbanowicz and Angela Hardney are busy preparing speakers for our regular May Chapter meeting to be held on Thursday, May 21, 2026, at Harry Caray's. Look for details to be announced soon! It will be another amazing meeting!

Take care, everyone, and don't forget to run in between the raindrops!

Some Changes to Chapter Practices Beginning Immediately:

- Starting immediately, the Chapter will no longer have available at pre-registration for our events “Pay at the Door”. We have run into problems with members/nonmembers registering for events with Pay at the Door and then not showing. Because we count you in the RSVP, we are still charged for that ticket. Therefore, to avoid attempting to collect later, we are no longer providing that courtesy. All registrations starting with our Holiday Party 2025 will require payment at the time of registration.
- We will still be able to take “walk-ins” on a limited basis at our events, so if your schedule frees up at the last minute, please feel free to attend an event. The only exception is if there is a hard RSVP date, then walk-ins will not be available.
- When you pay your Chapter Dues now, you will have the option of checking the “Auto Renew Button”. This way, just like International, we are rolling out this feature to make paying your Yearly Chapter Dues easier for everyone! We hope you enroll in that new feature!
- Note that beginning with registration for our January Chapter meetings, the ticket price has gone up slightly. See elsewhere in this newsletter where we highlight the new ticket prices.

We appreciate your understanding as we implement these changes in order to maintain the financial health of the Chapter.

New Pricing for 2026 Monthly Meetings

Due to a slight increase in pricing from Harry Caray's for 2026, our ticket prices for the monthly Chapter meetings are increasing slightly, starting with ticket sales for our January 2026 meeting:

\$50 – Member No Parking

\$60 – Nonmember No Parking

\$58 – Member + Valet Parking

\$68 – Nonmember + Valet Parking

Ticket prices for the monthly 2026 Chapter meetings for the Chapter's Law Enforcement and Military remain the same:

\$19.00 Member Current/Retired Law Enforcement/Military Discount + Valet Parking

\$19.00 Non-Member Current/Retired Law Enforcement/Military Discount + Valet Parking

Help Wanted: Volunteer Leadership Opportunities with ASIS Chicago Chapter

The ASIS Chicago Chapter is currently seeking members for our Certification Chair position.

Certification Chair

Must be a member in good standing and hold a CPP, PSP, or PCI certification. This role promotes ASIS certifications, supports candidates through the application process, and helps lead the Chapter's annual study group.

This position is a rewarding leadership opportunity to expand your network, earn volunteer credits, and give back to the profession.

Interested? Contact our current Chapter Chair, Mary Therese Tylus, MA at marytylus@comcast.net or Vice-Chair, Andrew Bartol, MBA at andrew.bartol@prosegur.com for more information regarding this exciting, rewarding and important Chapter Volunteer Leader position.

**HELP
NEEDED**

The Value of an ASIS Certification

Enjoy personal satisfaction and professional achievement by:

- Validating your security management expertise
- Elevating your stature in the profession
- Gaining a competitive edge in the marketplace
- Enhancing your career and earnings potential. ASIS certificants earn an average of 20% higher salaries than those without an ASIS certification (per ASIS Certification Survey – April 2019)
- Broadening experience and training from law enforcement and military backgrounds

The Value of an ASIS Certification to Your Employer

- Build a strong, dedicated team committed to high standards and continuing professional development
- Promote ongoing enhancement of critical job knowledge and skills
- Feel confident that your staff are using best practices
- Recruit the most qualified professionals
- Reinforce or elevate your organization's reputation and credibility

Fast Facts: The Elements of Audience Impression

Giving an effective and persuasive presentation is a crucial skill for security professionals moving upward in their careers. But it goes beyond knowing your data or key performance indicators, and it's not just about speaking clearly. There are nonverbal elements at play here, too.

“When presenting to a group, you may tend to focus the majority of your energy on the content of the presentation. You will outline the content, design slides to go along with it, and feel like you are ready to go,” according to a new ASIS Upskill learning module, Presentation Skills. “It’s important to know how critical other seemingly peripheral aspects of the presentation truly are.”

One of the module’s sections, “Key Presentation Skills: Balancing Verbal and Non-Verbal Messages,” focuses on the need for balancing style and substance, the importance of body language, the impact of tonality in nonverbal communication, and the importance of physical appearance.

Travelers Increasingly Concerned About Geopolitical Conflict, Survey Finds

American travelers are increasingly hesitant to book trips because of global conflict—far outpacing concerns about rising travel costs, according to a March survey of travel advisors by Travel Weekly.

The category of geopolitical unrest, conflict, and wars overtook the economy and rising prices of travel for advisors for the first time since the survey asked about primary concerns of clients who are hesitant to travel in mid-2025.

Compared with previous benchmarking surveys, the number of travel advisors who said clients had expressed concerns about geopolitical unrest, conflict, and wars increased sharply from 38 percent in December 2025 to 72 percent in March. Advisors specifically mentioned the war in Iran, a February day of drug cartel violence in Mexico, and turmoil in the United States as contributing factors to clients' overall travel outlook.

In contrast, the number of travellers who expressed concern about the cost of travel was much flatter at 54 percent in December and 55 percent in March.

Why Storytelling Is the Ultimate Corporate Security Superpower

Corporate security has a communications problem. Three-quarters of CSOs surveyed in 2025 by The Clarity Factory said the biggest challenge they face is lack of C-suite understanding of security. It doesn't matter how professional your security team is—if executives don't understand, relate to, and appreciate the value of security, the function will fail to secure the support and influence it needs to be successful.

The solution many CSOs reach for is numbers: metrics, data, and dashboards to bring rigor and respect to the function. There is certainly a place for more and better data, but influence and trust grow from human connection, not percentages and graphs.

For Better Presentations, Adjust to Fit Your Audience

Anxiety about public speaking and presentations is a common challenge across roles. Presenting to a board, leading a department meeting, giving a sales pitch, or speaking at a conference like GSX can feel daunting. Recognizing this fear as both familiar and manageable, learning to frame content for the audience, and developing a presentation process can turn anxiety into an opportunity for growth.

Building on this, understanding your audience and tailoring your message, even on similar topics, is essential in easing both nerves and presentation delivery. For example, an academic presentation for an emergency management class requires a different approach than a practical training session given to fire service officers or a board presentation about how crisis management adds value through prevention and planning. The core topic remains similar, but each setting demands a specific goal. While metrics can sometimes help, they aren't the sole factor behind a successful presentation.

ASIS International Announces the Launching of a New Join Process

Effective February 14, 2024, ASIS International will launch the new join process. What does this mean for our new International members?

1. It will be easier to join ASIS International – the application stays the same, but the payment process will be easier. The website to join International remains <https://www.asisonline.org/join>
2. If International members want to purchase multiple products from the ASIS store with their membership – they will receive the membership discount. For example – someone may decide to add membership and a webinar to their cart – the webinar will be discounted to FREE at checkout due to the customer being recognized as a new member upon purchase.
3. Regardless of when someone joins, their International membership will be good for one FULL year (At this time, if you joined in March – though you'd pay full price, you'd only receive membership for 9 more months).
4. Expiration dates will appear in an International member's My Account section and multiple reminders will be sent out via ASIS International upon renewal time.
5. International members continue to have the ability to sign up for auto renewal and save 5% or renew for three years in advance to save 10% AND lock in the current price.
6. Soon International members will have the option to pay by PayPal.

Once you join – your International expiration date always stays the same. Unless you let your International membership lapse – then you would need to rejoin the International Association and you will receive a new International expiration date.

And when you join the Chicago Chapter as a new member and pay your dues what happens next? Your expiration date for your Chapter Dues will now be the same as your International Dues expiration date.

For now, those of us who have joined International and the Chapter prior to February 14, 2024, your International and Chapter Dues Expiration Date will continue to remain 12/31 of each year.

ASIS Chicago Chapter Event Registration Information

We always look forward to having everyone join us at our monthly chapter events and we welcome all guests! However, it's essential to ensure that you have provided your up-to-date contact information when signing up for yourself or a guest. We require this information to inform all attendees in case of an emergency, such as a cancellation or change in venue. Unfortunately, during our January meeting, we had to cancel due to a burst water pipe, and we were unable to reach everyone. We noticed that some people did not enter a phone number when registering, or if someone registered a guest, they did not include their contact information. Therefore, please make sure to add your contact information when registering for our events, including your phone number and email address. Current ASIS members can keep this information updated from their International and Chapter profiles, while non-members can update this information when registering for an upcoming event. Thank you, and we look forward to seeing you at one of our future events!

Making Profile Changes to your ASIS International & Chicago Chapter Profile

Did you know that if you make changes to your ASIS International Profile, you have to go into your Chicago Chapter Profile and do the same? Yes, unfortunately, when an International & Chicago member makes a change to their profile in either system, the changes do not carryover. Thus, if you change jobs, change emails, add a certification, etc., you must make those changes in both systems. So, periodically check your International and your Chicago Profile for accuracy and up-to-date information. Your profile is only as good as you keep it current.

Do You Feel Overwhelmed by the Emails Being Sent From ASIS?

We have heard from several Chicago members that they feel inundated and overwhelmed with emails from the Chapter. We as a Board and Chairs, do our best to keep our Chapter communications to a minimum. We send out one to two announcements per week for our upcoming events and increase the frequency the week of so that those whose schedules free up at the last minute can attend.

As we investigated this issue further, we believe that perhaps the root of the “too many emails from ASIS” are from International, specifically, the Community Connections emails. Based on your selected preferences in your International profile of interests/expertise, International will then send those applicable Community emails. Those notifications can be modified by going into your ASIS International profile and changing your ASIS Connected Community Settings and/or your email & communication preferences as follows:

Step 1: After logging into ASIS International, click on My Information, select My Account, and then in the ASIS Links box to the right – My Communication Preferences.

Step 2: After making and saving changes scroll to the bottom of the page and click on ASIS Connected Community. Click on My Connections to see which ASIS Communities you are enrolled in and determine how often you want to receive them – daily or weekly. Make your changes and then hit save (also check to see who you are following).

Step 3: Move to the My Community Tab and select Email Preferences and verify or change your preferences and hit save. In this same tab, select Communication Notifications and do the same.

Need help? Call ASIS International Membership (703-519-6200) and they can help walk you through the process.

Update: Meeting Announcements From Chapter Webmaster

Below is an article from StarChapter, our website service and the service we use to send out mass emails to our Chapter members and nonmembers explaining a change in the From Address from mass emails coming from our Chapter. In the past the announcements about our meetings and events used to come from ***webmaster@asischicago.net***. The new email address being used is now: ***postmaster@mg.asischicago.net***. Please make sure that you check your junk and spam folders in case these emails are going there and unblock that new ***postmaster@mg.asischicago.net***. Thanks.

StarChapter made some updates to our mass emailing features to comply with new guidelines required by Google and Yahoo. This change in From Address is in place to ensure to those providers that mass emails coming from your organization are authentic, and not spam. It may take some time for all email providers to adapt based on those guidelines, as all bulk email tools are experiencing an increase in delivery issues immediately following these new requirements. This issue should improve as email providers adapt to the new policies.

Moving forward, all mass email sent through your StarChapter system will be from ***postmaster@mg.yourdomain.ext***. ***Yourdomain.ext*** will be replaced with your organization's domain name. You will still have the ability to add a unique reply-to email address or sender name to your message when setting up your email campaigns.

Please reference ***[this article](#)*** for further information and tips to maximize your delivery.

Best,

The StarChapter Team

Make Sure to Follow the New ASIS Chicago Chapter LinkedIn Page

Hello everybody! Currently, there are two different LinkedIn pages for the ASIS Chicago Chapter. One of the pages is a private group page and the other one is a public company page. These two different LinkedIn pages can often cause confusion on where to look and interact with. Due to these issues, we as a chapter will no longer be supporting or posting on the private group page. All social media content moving forward will be posted on ASIS Chicago Chapter's public LinkedIn page. This new change will give us the option to attract new members to the chapter and upcoming events. If you have not done so already then make sure to follow the new public LinkedIn page to stay up to date with chapter events and news!
