Happy
Valentines
Day

February 2025 Message from Your Chapter Chair – *Mary Therese Tylus, MA*

Happy Valentine's Day everyone! Hope all of you are staying safe with the impending snow we are receiving.

I just want to remind everyone to come to our February 20, 2025 Chapter meeting to hear our guest speaker, Doug Cunningham speak on the topic of Executive Security's Role Today on the topic of executive protection. See his bio on page 6 of our newsletter. Sign up at asischicago.net and we will see you there!

We had only 1 person answer our Certification Chair, PJ Jordan's survey. We have been getting inquiries about our Study Group do we have one? If you are interested not just this year but in the future in participating, please take the time to provide your feedback as we attempt to find a new rhythm of delivering this important Chapter benefit. Please note that this year the Study Group is very informal as we have only had a few people ask about it. It will start on March 1, 2025, via Zoom and run for the next 3-4 Saturdays. If you are interested in joining this group, please contact PJ Jordan at paladin@pjda.net.

Thanks for reading! See you at the February Chapter meeting. As always, stay safe!

Meet Your Chapter Officers and Volunteer Chairs for 2025!

FEBRUARY MEETING

SPEAKER INFORMATION

Event Speaker:

**Doug
Cunningham**

Executive Security's Role Today

As the Vice President overseeing Operations at Integrity Security Consulting & Investigations Inc. Doug brings over 35 years in security, consulting and investigations to his clients. He has dedicated his career to helping clients across all industries mitigate and eliminate risk to protect their people, property, and profits. His strengths include the ability to interpret business objectives into a cohesive strategy that supports company goals and growth while reducing expenses and improving bottom line. He has been a provider of risk management services and solutions for organizations throughout the world. He has extensive experience in the areas of investigations, workplace violence, interviews, surveillance, background investigations and litigation support. Additional experience includes conducting armed and unarmed personal/executive protection details.

ASIS Chicago Chapter Certification Crew Positions Are Available!

Hey there! We're on the hunt for awesome ASIS Chicago Chapter members to join our certification crew! If you're a member in good standing with both International and our Chicago Chapter, and you've got one of those nifty ASIS certifications (or you're working on it), we'd love to have you!

Here's what you'd be doing:

Our certification crew is responsible for assisting members with ASIS exam prep. This includes tasks such as coordinating and scheduling study groups, sharing effective exam prep tools and methods, and ensuring that our members have all the necessary resources and support to achieve their certification goals.

As a member of the crew, you'll play a crucial role in helping our chapter maintain its high standards of professional development and excellence.

One of the key aspects of the role is communication. You'll be the point of contact for our members regarding certification-related information and updates. This could involve sending out reminders about upcoming exam deadlines, providing study materials, or answering queries about the certification process. Effective communication is vital to keep our members engaged and informed throughout their certification journey.

Moreover, you'll have the opportunity to contribute to the improvement of our certification process. We're always looking for ways to enhance our members' experience and make the certification process more efficient. By providing feedback and suggesting improvements, you can help us make our chapter even better.

Lastly, being part of the certification crew is a fantastic way to network and build relationships within our chapter. You'll work closely with other dedicated members who share your passion for professional development and security. This can open up opportunities for collaboration, mentorship, and lifelong learning.

So, if you're passionate about helping your fellow ASIS members achieve their certification goals, and if you're eager to contribute to the betterment of our chapter, we'd love to have you on our certification crew.

Interested? Contact Certification Chair, Paladin "Pj" Jordan, CPP at info@pjda.net.

2025 Study Group Update!

Greetings Security Professionals,

As we embark on 2025, ASIS Chicago is reviewing and updating our ASIS certification Study Group programs and presentations. We want your feedback re: the most efficient and effective ways to deliver these resources to meet our community's learning needs.

We kindly request you share your thoughts on the following matters:

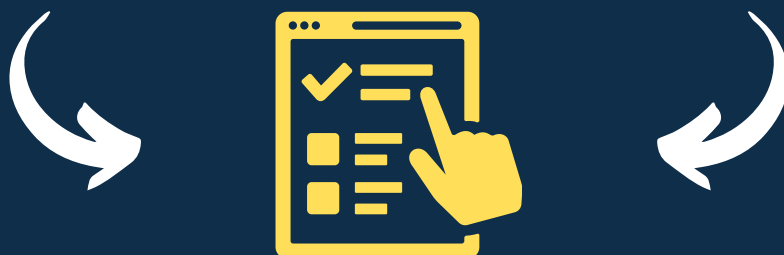

1. When/where: When would you find the programs and presentations most convenient to attend or access?
2. Format: What modes of delivery would be most suitable for our community's learning preferences and schedules? Please consider various options such as in-person, virtual, or hybrid formats, as well as the potential use of recorded content.
3. Additional: ASIS Chicago Study Groups are not free. The benefits and reduced costs are derived from burden-sharing and collaboration among participants. Please share your thoughts, ideas, and concerns.

We appreciate your time and consideration. Your feedback plays a pivotal role in shaping our updated programs and presentations; enhancing the learning experience and value for our community members.

Please click the link below to access and complete the survey!

Yours sincerely,

Paladin "Pj" Jordan, CPP
Certification Chair, ASIS Chicago Chapter

The Value of an ASIS Certification

Enjoy personal satisfaction and professional achievement by:

- Validating your security management expertise
- Elevating your stature in the profession
- Gaining a competitive edge in the marketplace
- Enhancing your career and earnings potential. ASIS certificants earn an average of 20% higher salaries than those without an ASIS certification (per ASIS Certification Survey – April 2019)
- Broadening experience and training from law enforcement and military backgrounds

The Value of an ASIS Certification to Your Employer

- Build a strong, dedicated team committed to high standards and continuing professional development
- Promote ongoing enhancement of critical job knowledge and skills
- Feel confident that your staff are using best practices
- Recruit the most qualified professionals
- Reinforce or elevate your organization's reputation and credibility

Fast Facts: Red, Blue, or Purple Team Exercises?

Penetration tests can assess and stress-test an organization's security posture, procedures, and protections. But do you know the participants in a pen test and what roles they play in an exercise and the aftermath? Understanding these factors can help security leaders appropriately develop the goals and scope for security exercises to get more valuable and actionable findings.

How Priorities Work in U.S. K-12 School Safety Grants

The U.S. Department of Education awarded about \$6 billion in discretionary grants during the 2023 fiscal year, distributing funding to states and school districts through a competitive process.

The U.S. Government Accountability Office (GAO) recently reviewed the department's priorities for grants over time, categorizing which themes were the most compelling or the highest priority between 2001 and 2024.

The Education Department announced 78 departmentwide priorities between 2001 and 2021, and while some priorities replaced previous ones, others are still in place.

Keeping Convenience Stores Safe From Physical Threats

Convenience stores come in many forms, from the mom-and-pop New York City bodega to the sleek Speedway on the side of a cross-country highway. They all serve millions of U.S. customers who run in for a drink, a snack, or a pack of cigarettes. With more than 152,200 convenience stores across the nation, various chains compete for customers' dollars, with some dominating entire regions with a cult-like following.

Despite the competition and the variety, every store deals with are physical threats to staff, customers, and the facilities.

Government Security Professionals Grapple with Following Procedure Amid DOGE Demands

The U.S. Department of Government Efficiency (DOGE)—helmed by businessman Elon Musk—has been busy during the past few weeks, and several of its interactions have created tensions with security practitioners in the federal workforce.

Last weekend, for instance, [DOGE](#) representatives went to the U.S. Agency for International Development (USAID) headquarters in Washington, D.C., and requested access to classified information. USAID’s security chiefs allegedly denied the representatives access and then were placed on administrative leave. The DOGE representatives then gained access to the information, which includes intelligence reports, according to reporting from [PBS News](#).

“Musk’s DOGE crew lacked high-enough security clearance to access that information, so the two USAID security officials—John Vorhees and deputy Brian McGill—were legally obligated to deny access,” a former official told PBS News.

ASIS International Announces the Launching of a New Join Process

Effective February 14, 2024, ASIS International will launch the new join process. What does this mean for our new International members?

1. It will be easier to join ASIS International – the application stays the same, but the payment process will be easier. The website to join International remains <https://www.asisonline.org/join>
2. If International members want to purchase multiple products from the ASIS store with their membership – they will receive the membership discount. For example – someone may decide to add membership and a webinar to their cart – the webinar will be discounted to FREE at checkout due to the customer being recognized as a new member upon purchase.
3. Regardless of when someone joins, their International membership will be good for one FULL year (At this time, if you joined in March – though you'd pay full price, you'd only receive membership for 9 more months).
4. Expiration dates will appear in an International member's My Account section and multiple reminders will be sent out via ASIS International upon renewal time.
5. International members continue to have the ability to sign up for auto renewal and save 5% or renew for three years in advance to save 10% AND lock in the current price.
6. Soon International members will have the option to pay by PayPal.

Once you join – your International expiration date always stays the same. Unless you let your International membership lapse – then you would need to rejoin the International Association and you will receive a new International expiration date.

And when you join the Chicago Chapter as a new member and pay your dues what happens next? Your expiration date for your Chapter Dues will now be the same as your International Dues expiration date.

For now, those of us who have joined International and the Chapter prior to February 14, 2024, your International and Chapter Dues Expiration Date will continue to remain 12/31 of each year.

ASIS Chicago Chapter Event Registration Information

We always look forward to having everyone join us at our monthly chapter events and we welcome all guests! However, it's essential to ensure that you have provided your up-to-date contact information when signing up for yourself or a guest. We require this information to inform all attendees in case of an emergency, such as a cancellation or change in venue. Unfortunately, during our January meeting, we had to cancel due to a burst water pipe, and we were unable to reach everyone. We noticed that some people did not enter a phone number when registering, or if someone registered a guest, they did not include their contact information. Therefore, please make sure to add your contact information when registering for our events, including your phone number and email address. Current ASIS members can keep this information updated from their International and Chapter profiles, while non-members can update this information when registering for an upcoming event. Thank you, and we look forward to seeing you at one of our future events!

Making Profile Changes to your ASIS International & Chicago Chapter Profile

Did you know that if you make changes to your ASIS International Profile, you have to go into your Chicago Chapter Profile and do the same? Yes, unfortunately, when an International & Chicago member makes a change to their profile in either system, the changes do not carryover. Thus, if you change jobs, change emails, add a certification, etc., you must make those changes in both systems. So, periodically check your International and your Chicago Profile for accuracy and up-to-date information. Your profile is only as good as you keep it current.

Do You Feel Overwhelmed by the Emails Being Sent From ASIS?

We have heard from several Chicago members that they feel inundated and overwhelmed with emails from the Chapter. We as a Board and Chairs, do our best to keep our Chapter communications to a minimum. We send out one to two announcements per week for our upcoming events and increase the frequency the week of so that those whose schedules free up at the last minute can attend.

As we investigated this issue further, we believe that perhaps the root of the “too many emails from ASIS” are from International, specifically, the Community Connections emails. Based on your selected preferences in your International profile of interests/expertise, International will then send those applicable Community emails. Those notifications can be modified by going into your ASIS International profile and changing your ASIS Connected Community Settings and/or your email & communication preferences as follows:

Step 1: After logging into ASIS International, click on My Information, select My Account, and then in the ASIS Links box to the right – My Communication Preferences.

Step 2: After making and saving changes scroll to the bottom of the page and click on ASIS Connected Community. Click on My Connections to see which ASIS Communities you are enrolled in and determine how often you want to receive them – daily or weekly. Make your changes and then hit save (also check to see who you are following).

Step 3: Move to the My Community Tab and select Email Preferences and verify or change your preferences and hit save. In this same tab, select Communication Notifications and do the same.

Need help? Call ASIS International Membership (703-519-6200) and they can help walk you through the process.

Update: Meeting Announcements From Chapter Webmaster

Below is an article from StarChapter, our website service and the service we use to send out mass emails to our Chapter members and nonmembers explaining a change in the From Address from mass emails coming from our Chapter. In the past the announcements about our meetings and events used to come from ***webmaster@asischicago.net***. The new email address being used is now: ***postmaster@mg.asischicago.net***. Please make sure that you check your junk and spam folders in case these emails are going there and unblock that new ***postmaster@mg.asischicago.net***. Thanks.

StarChapter made some updates to our mass emailing features to comply with new guidelines required by Google and Yahoo. This change in From Address is in place to ensure to those providers that mass emails coming from your organization are authentic, and not spam. It may take some time for all email providers to adapt based on those guidelines, as all bulk email tools are experiencing an increase in delivery issues immediately following these new requirements. This issue should improve as email providers adapt to the new policies.

Moving forward, all mass email sent through your StarChapter system will be from ***postmaster@mg.yourdomain.ext***. ***Yourdomain.ext*** will be replaced with your organization's domain name. You will still have the ability to add a unique reply-to email address or sender name to your message when setting up your email campaigns.

Please reference ***this article*** for further information and tips to maximize your delivery.

Best,

The StarChapter Team

**We look forward to
seeing you at our
upcoming meetings!**

We will provide more details and information about the upcoming events as we get closer to them. Please keep an eye on our website and check your email inbox regularly for updates.

We had some incredible events and speakers in 2023, and we are confident that 2024 will be even better. Thank you for your continued support!

Make Sure to Follow the New ASIS Chicago Chapter LinkedIn Page

Hello everybody! Currently, there are two different LinkedIn pages for the ASIS Chicago Chapter. One of the pages is a private group page and the other one is a public company page. These two different LinkedIn pages can often cause confusion on where to look and interact with. Due to these issues, we as a chapter will no longer be supporting or posting on the private group page. All social media content moving forward will be posted on ASIS Chicago Chapter's public LinkedIn page. This new change will give us the option to attract new members to the chapter and upcoming events. If you have not done so already then make sure to follow the new public LinkedIn page to stay up to date with chapter events and news!
