**HAPPY
NEW
YEAR**

January 2025 Message from Your Chapter Chair – *Mary Therese Tylus, MA*

Happy New Year everyone! I hope that all of you had a wonderful Holiday and New Year! I and the 2025 Officers and Chairs look forward to seeing all of you at our upcoming 2025 Chapter meetings and other events.

We have an exciting year of speakers and other events planned for all of you to attend in 2025. Look for more information and details in your email box, upcoming newsletters, and our Chapter LinkedIn page.

I would like to take this opportunity to thank our outgoing 2024 Officers and Chairs for their assistance this past year:

Jamison Taff – Vice Chair
Corey Burrage, CIPI, CIPM II – Treasurer
Joseph Moser – Webmaster
Tim Wenzel, CPP – Membership Chair
Steve Siegel – Golf Chair

Please give a warm welcome to our newest 2025 Officers and Chairs:

Sue Monreal, CPP – Vice Chair
Bob Long – Co-Webmaster
Brandon Cunningham – Membership Chair
Andy Hollinger – Golf Co-Chair
Chuck Slaybough – Golf Co-Chair

And a huge thank you to those 2024 Officers and Chairs who are returning to serve the Chapter in 2025. For the full roster of all our 2025 Officers and Chairs, you will find them later in the newsletter.

January 2025 Message from Your Chapter Chair – Mary Therese Tylus, MA - Continued

I would be remiss in not thanking two of our Past Chairs – Matt Maravilla and Ken Wippich who have continued to provide the Officers and Chairs of the Chapter with their guidance and advice as we steer the Chapter to new heights. These two gentlemen have made themselves available in 2024 at board meetings where we plan the strategic direction of the Chapter and discuss upcoming events. Both have graciously given their time and talents in 2024 and I am happy to share that they will be back in 2025 in the same capacity.

I can't thank enough, all of the above for their help and participation in 2024, for those returning in 2025 for their willingness to continue to devote their time and talents to the Chapter, and to welcome aboard our new additions. All of these folks – whether they served in 2024 only, are back for another round of service to the Chapter, or are just beginning their service in a volunteer role with the Chapter – thank you for always sharing your time and talents to help move this Chapter and assisting in helping it to reach new heights.

Enjoy the rest of the newsletter as it is full of lots of information and begin marking your calendar for our upcoming events.

Looking forward to seeing everyone in 2025!

Thank you for reading
and see you soon!

Mary Therese Tylus, MA
Chapter Chair

JANUARY MEETING

SPEAKER INFORMATION

Event Speaker:

Ray Pohl

Insights on Tabletop Best Practices

As the Director of Training and Development at Titan Security Group, Ray is responsible for the development and execution of Titan's training curriculum. Ray regulates and assesses their current and future training needs, develops and implements training plans, leads tenant training seminars, and promotes top-notch security training for Titan's clients and their staff. Ray brings over 30 years of experience in the security industry. Prior to working at Titan, Ray was a Regional Specialty Trainer for a national security provider, where he was responsible for oversight of the training tactics used for staff members in over twenty (20) different states. Ray has also served as a security consultant, site supervisor, and trainer for a security and investigation company. Ray has received two leadership awards from The John Buck Management Company and has provided training services for several Fortune 100 corporations. Ray is a Certified Protection Instructor and is certified as a Non-Violent Crisis Intervention Instructor. Ray's strong work ethic and vast experience in the security training field has helped mold Titan clients and staff into highly knowledgeable and safety prepared individuals.

JANUARY MEETING

SPEAKER INFORMATION

Event Speaker:

Tom Henkey
CEM, CIPM II

Insights on Tabletop Best Practices

At Titan Security Group, Tom is responsible for implementing detailed risk and vulnerability assessments, as well as creating site-specific emergency operations plans. He composes emergency quick-reference guides and specialized training materials to provide clients with security references and assures that they are prepared for handling an emergency situation. Prior to joining Titan, Tom was a Senior Emergency Management Coordinator for the City of Chicago, where he was responsible for disaster planning, physical-security, infrastructure, transportation, and antiterrorism analysis. He also served as the Director of Protection Services for the Art Institute of Chicago, ensuring the safety of over 1.5 million annual visitors and a multi-billion-dollar art collection. Tom is a Certified Emergency Manager (CEM), a Certified Institutional Protection Manager (CIPM II), and holds undergraduate degrees from St. Louis University and a Master's Degree in Emergency Management and Disaster Management from the American Military University. He is the author of *Urban Emergency Management*, a textbook/handbook published by Elsevier in 2017. Tom's emergency management skills have been influential in keeping Titan clients and employees prepared for emergency situations.

ASIS Chicago Chapter Certification Crew Positions Are Available!

Hey there! We're on the hunt for awesome ASIS Chicago Chapter members to join our certification crew! If you're a member in good standing with both International and our Chicago Chapter, and you've got one of those nifty ASIS certifications (or you're working on it), we'd love to have you!

Here's what you'd be doing:

Our certification crew is responsible for assisting members with ASIS exam prep. This includes tasks such as coordinating and scheduling study groups, sharing effective exam prep tools and methods, and ensuring that our members have all the necessary resources and support to achieve their certification goals.

As a member of the crew, you'll play a crucial role in helping our chapter maintain its high standards of professional development and excellence.

One of the key aspects of the role is communication. You'll be the point of contact for our members regarding certification-related information and updates. This could involve sending out reminders about upcoming exam deadlines, providing study materials, or answering queries about the certification process. Effective communication is vital to keep our members engaged and informed throughout their certification journey.

Moreover, you'll have the opportunity to contribute to the improvement of our certification process. We're always looking for ways to enhance our members' experience and make the certification process more efficient. By providing feedback and suggesting improvements, you can help us make our chapter even better.

Lastly, being part of the certification crew is a fantastic way to network and build relationships within our chapter. You'll work closely with other dedicated members who share your passion for professional development and security. This can open up opportunities for collaboration, mentorship, and lifelong learning.

So, if you're passionate about helping your fellow ASIS members achieve their certification goals, and if you're eager to contribute to the betterment of our chapter, we'd love to have you on our certification crew.

Interested? Contact Certification Chair, Paladin "Pj" Jordan, CPP at info@pjda.net.

2025 Study Group Update!

Greetings Security Professionals,

As we embark on 2025, ASIS Chicago is reviewing and updating our ASIS certification Study Group programs and presentations. We want your feedback re: the most efficient and effective ways to deliver these resources to meet our community's learning needs.

We kindly request you share your thoughts on the following matters:

1. When/where: When would you find the programs and presentations most convenient to attend or access?
2. Format: What modes of delivery would be most suitable for our community's learning preferences and schedules? Please consider various options such as in-person, virtual, or hybrid formats, as well as the potential use of recorded content.
3. Additional: ASIS Chicago Study Groups are not free. The benefits and reduced costs are derived from burden-sharing and collaboration among participants. Please share your thoughts, ideas, and concerns.

We appreciate your time and consideration. Your feedback plays a pivotal role in shaping our updated programs and presentations; enhancing the learning experience and value for our community members.

Please click the link below to access and complete the survey by **January 24, 2025!**

Yours sincerely,

Paladin "Pj" Jordan, CPP
Certification Chair, ASIS Chicago Chapter

*****Survey Closes Friday, 01/24/25!!!*****

The Value of an ASIS Certification

Enjoy personal satisfaction and professional achievement by:

- Validating your security management expertise
- Elevating your stature in the profession
- Gaining a competitive edge in the marketplace
- Enhancing your career and earnings potential. ASIS certificants earn an average of 20% higher salaries than those without an ASIS certification (per ASIS Certification Survey – April 2019)
- Broadening experience and training from law enforcement and military backgrounds

The Value of an ASIS Certification to Your Employer

- Build a strong, dedicated team committed to high standards and continuing professional development
- Promote ongoing enhancement of critical job knowledge and skills
- Feel confident that your staff are using best practices
- Recruit the most qualified professionals
- Reinforce or elevate your organization's reputation and credibility

Fast Facts: How Polycrisis Affects Mental Health

Feeling like too many major events are affecting you all at once? You—and millions of other people like you—are experiencing a feeling of polycrisis.

Polycrisis describes a state of the works when unconnected crises pile up and create a storm of interwoven stressors, especially for people trying to navigate that complexity. Those stressors can be economic, societal, geopolitical, climate-related, or even security incidents, and the combination of stressors can produce a perfect storm for burnout.

Neat Partying Teenagers? Honey Fraud? Thelma and Louise Grandmas? What in the World Is Going On?

Perusing the plethora of strange security-adjacent stories that crossed Security Management editors' paths in December, we celebrate the talent of news writers, bringing you their own descriptions as well as showing off the ability to pull a good quote.

As always when we turn to this monthly presentation of strange security, we acknowledge that security is serious, and while these stories are examined with a lighter touch, we realize there are victims in these stories and do not want to minimize the suffering the actions in these stories caused.

Scrutiny of Vehicle-Ramming Prevention Methods Continues as Bourbon Street Reopens

Bourbon Street in New Orleans reopened on Thursday following a deadly vehicle ramming attack early in the morning on New Year's Day that killed 14 people and injured about 30 others.

The FBI identified the driver of the vehicle as Shamsud-Din Jabbar, a U.S. citizen from Texas and veteran who was employed by Deloitte. The Bureau said Jabbar was operating alone and was inspired by ISIS to carry out the attack, which resulted in his death following a shootout with law enforcement.

What Space Exploration Teaches Us About Resilience and Leadership

Space exploration lights up the imagination. The idea of a vast, unexplored cosmos full of discovery, adventure, and wonder has inspired humans throughout history. Now that space exploration is coming within reach, though, humans must contend with the practicalities of outer space and the resilience needed to survive and thrive outside of Earth's orbit.

This is where **space analog missions** come into play. These missions place carefully selected teams of individuals in environments that are analogous to space, whether that's icy conditions like on the Moon, lava tubes or caves to simulate Mars or asteroids, or confined, isolated habitats to imitate a space station. The missions provide space agencies with data about the strengths, limitations, and validity of planned space missions and are designed to look for safeguards against the hazards of life in space, according to NASA.

ASIS International Announces the Launching of a New Join Process

Effective February 14, 2024, ASIS International will launch the new join process. What does this mean for our new International members?

1. It will be easier to join ASIS International – the application stays the same, but the payment process will be easier. The website to join International remains <https://www.asisonline.org/join>
2. If International members want to purchase multiple products from the ASIS store with their membership – they will receive the membership discount. For example – someone may decide to add membership and a webinar to their cart – the webinar will be discounted to FREE at checkout due to the customer being recognized as a new member upon purchase.
3. Regardless of when someone joins, their International membership will be good for one FULL year (At this time, if you joined in March – though you'd pay full price, you'd only receive membership for 9 more months).
4. Expiration dates will appear in an International member's My Account section and multiple reminders will be sent out via ASIS International upon renewal time.
5. International members continue to have the ability to sign up for auto renewal and save 5% or renew for three years in advance to save 10% AND lock in the current price.
6. Soon International members will have the option to pay by PayPal.

Once you join – your International expiration date always stays the same. Unless you let your International membership lapse – then you would need to rejoin the International Association and you will receive a new International expiration date.

And when you join the Chicago Chapter as a new member and pay your dues what happens next? Your expiration date for your Chapter Dues will now be the same as your International Dues expiration date.

For now, those of us who have joined International and the Chapter prior to February 14, 2024, your International and Chapter Dues Expiration Date will continue to remain 12/31 of each year.

ASIS Chicago Chapter Event Registration Information

We always look forward to having everyone join us at our monthly chapter events and we welcome all guests! However, it's essential to ensure that you have provided your up-to-date contact information when signing up for yourself or a guest. We require this information to inform all attendees in case of an emergency, such as a cancellation or change in venue. Unfortunately, during our January meeting, we had to cancel due to a burst water pipe, and we were unable to reach everyone. We noticed that some people did not enter a phone number when registering, or if someone registered a guest, they did not include their contact information. Therefore, please make sure to add your contact information when registering for our events, including your phone number and email address. Current ASIS members can keep this information updated from their International and Chapter profiles, while non-members can update this information when registering for an upcoming event. Thank you, and we look forward to seeing you at one of our future events!

Making Profile Changes to your ASIS International & Chicago Chapter Profile

Did you know that if you make changes to your ASIS International Profile, you have to go into your Chicago Chapter Profile and do the same? Yes, unfortunately, when an International & Chicago member makes a change to their profile in either system, the changes do not carryover. Thus, if you change jobs, change emails, add a certification, etc., you must make those changes in both systems. So, periodically check your International and your Chicago Profile for accuracy and up-to-date information. Your profile is only as good as you keep it current.

Do You Feel Overwhelmed by the Emails Being Sent From ASIS?

We have heard from several Chicago members that they feel inundated and overwhelmed with emails from the Chapter. We as a Board and Chairs, do our best to keep our Chapter communications to a minimum. We send out one to two announcements per week for our upcoming events and increase the frequency the week of so that those whose schedules free up at the last minute can attend.

As we investigated this issue further, we believe that perhaps the root of the “too many emails from ASIS” are from International, specifically, the Community Connections emails. Based on your selected preferences in your International profile of interests/expertise, International will then send those applicable Community emails. Those notifications can be modified by going into your ASIS International profile and changing your ASIS Connected Community Settings and/or your email & communication preferences as follows:

Step 1: After logging into ASIS International, click on My Information, select My Account, and then in the ASIS Links box to the right – My Communication Preferences.

Step 2: After making and saving changes scroll to the bottom of the page and click on ASIS Connected Community. Click on My Connections to see which ASIS Communities you are enrolled in and determine how often you want to receive them – daily or weekly. Make your changes and then hit save (also check to see who you are following).

Step 3: Move to the My Community Tab and select Email Preferences and verify or change your preferences and hit save. In this same tab, select Communication Notifications and do the same.

Need help? Call ASIS International Membership (703-519-6200) and they can help walk you through the process.

Update: Meeting Announcements From Chapter Webmaster

Below is an article from StarChapter, our website service and the service we use to send out mass emails to our Chapter members and nonmembers explaining a change in the From Address from mass emails coming from our Chapter. In the past the announcements about our meetings and events used to come from ***webmaster@asischicago.net***. The new email address being used is now: ***postmaster@mg.asischicago.net***. Please make sure that you check your junk and spam folders in case these emails are going there and unblock that new ***postmaster@mg.asischicago.net***. Thanks.

StarChapter made some updates to our mass emailing features to comply with new guidelines required by Google and Yahoo. This change in From Address is in place to ensure to those providers that mass emails coming from your organization are authentic, and not spam. It may take some time for all email providers to adapt based on those guidelines, as all bulk email tools are experiencing an increase in delivery issues immediately following these new requirements. This issue should improve as email providers adapt to the new policies.

Moving forward, all mass email sent through your StarChapter system will be from ***postmaster@mg.yourdomain.ext***. ***Yourdomain.ext*** will be replaced with your organization's domain name. You will still have the ability to add a unique reply-to email address or sender name to your message when setting up your email campaigns.

Please reference ***this article*** for further information and tips to maximize your delivery.

Best,

The StarChapter Team

New Chapter Luncheon Ticket Price for Active Law Enforcement

The ASIS Chicago Chapter is proud to announce a special ticket price of \$19 for active law enforcement to come join us at our regularly at our monthly Chapter Luncheon meetings. Our monthly Chapter meetings are held on the 3rd Thursday of the month at Harry Caray's River North, 33 W. Kinzie in Chicago, IL. Come join us for networking, a great lunch and fantastic guest speakers on various topics relevant to security practitioners.

**We look forward to
seeing you at our
upcoming meetings!**

We will provide more details and information about the upcoming events as we get closer to them. Please keep an eye on our website and check your email inbox regularly for updates.

We had some incredible events and speakers in 2023, and we are confident that 2024 will be even better. Thank you for your continued support!

Make Sure to Follow the New ASIS Chicago Chapter LinkedIn Page

Hello everybody! Currently, there are two different LinkedIn pages for the ASIS Chicago Chapter. One of the pages is a private group page and the other one is a public company page. These two different LinkedIn pages can often cause confusion on where to look and interact with. Due to these issues, we as a chapter will no longer be supporting or posting on the private group page. All social media content moving forward will be posted on ASIS Chicago Chapter's public LinkedIn page. This new change will give us the option to attract new members to the chapter and upcoming events. If you have not done so already then make sure to follow the new public LinkedIn page to stay up to date with chapter events and news!
