January 2026 Message from Your Chapter Chair, Mary Therese Tylus, MA

Happy New Year, everyone! I hope that all of you had a wonderful Holiday and New Year! I and the 2026 Officers and Chairs look forward to seeing all of you at our upcoming 2026 Chapter meetings and other events.

We have an exciting year of speakers and other events planned for all of you to attend in 2026. Look for more information and details in your email inbox, upcoming newsletters, and our Chapter LinkedIn page.

I would like to take this opportunity to thank our outgoing 2025 Officers and Chairs for their assistance this past year:

Sue Monreal, CPP – Vice Chair
Amy Hanks, CPP, PSP – Secretary
Paladin “PJ” Jordan – Chapter Certification Chair
Jason Ortiz, CPP – Military Liaison Chair
Andy Hollinger – Golf Co-Chair

Please give a warm welcome to our newest 2026 Officers and Chairs:

Anna Tobkin – Secretary
Earl Lindsey – Military Liaison Chair
Omar Scarpetta – Mentorship Chair

A shout-out to those who are taking on new roles within the Chapter:

Andrew Bartol, MBA – Vice Chair
Mike Ortiz – NextGen Chair

January 2026 Message from Your Chapter Chair, Mary Therese Tylus, MA

And a huge thank you to those 2025 Officers and Chairs who are returning to serve the Chapter in 2026. For the full roster of all our 2026 Officers and Chairs, you will find them later in the newsletter.

I would be remiss in not thanking two of our Past Chairs – Matt Maravilla and Ken Wippich, who have continued to provide the Officers and Chairs of the Chapter with their guidance and advice as we steer the Chapter to new heights. These two gentlemen have made themselves available in 2025 at board meetings where we plan the strategic direction of the Chapter and discuss upcoming events. Both have graciously given their time and talents in 2025, and I am happy to share that they will be back in 2026 in the same capacity, along with Sue Monreal, CPP – Past Vice Chair & Women-In-Security Chair.

I can't thank enough, all of the above for their help and participation in 2025, and for those returning in 2026, for their willingness to continue to devote their time and talents to the Chapter, and to welcome aboard our new additions. All these folks – whether they served in 2025 only, are back for another round of service to the Chapter, or are just beginning their service in a volunteer role with the Chapter – thank you for always sharing your time and talents to help move this Chapter and assisting in helping it to reach new heights.

Enjoy the rest of the newsletter, as it is full of lots of information, and begin marking your calendar for our upcoming events.

Looking forward to seeing everyone in 2026!

Some Changes to Chapter Practices Beginning Immediately:

- Starting immediately, the Chapter will no longer have available at pre-registration for our events “Pay at the Door”. We have run into problems with members/nonmembers registering for events with Pay at the Door and then not showing. Because we count you in the RSVP, we are still charged for that ticket. Therefore, to avoid attempting to collect later, we are no longer providing that courtesy. All registrations starting with our Holiday Party 2025 will require payment at the time of registration.
- We will still be able to take “walk-ins” on a limited basis at our events, so if your schedule frees up at the last minute, please feel free to attend an event. The only exception is if there is a hard RSVP date, then walk-ins will not be available.
- When you pay your Chapter Dues now, you will have the option of checking the “Auto Renew Button”. This way, just like International, we are rolling out this feature to make paying your Yearly Chapter Dues easier for everyone! We hope you enroll in that new feature!
- Note that beginning with registration for our January Chapter meetings, the ticket price has gone up slightly. See elsewhere in this newsletter where we highlight the new ticket prices.

We appreciate your understanding as we implement these changes in order to maintain the financial health of the Chapter.

New Pricing for 2026 Monthly Meetings

Due to a slight increase in pricing from Harry Caray's for 2026, our ticket prices for the monthly Chapter meetings are increasing slightly, starting with ticket sales for our January 2026 meeting:

\$50 – Member No Parking

\$60 – Nonmember No Parking

\$58 – Member + Valet Parking

\$68 – Nonmember + Valet Parking

Ticket prices for the monthly 2026 Chapter meetings for the Chapter's Law Enforcement and Military remain the same:

\$19.00 Member Current/Retired Law Enforcement/Military Discount + Valet Parking

\$19.00 Non-Member Current/Retired Law Enforcement/Military Discount + Valet Parking

Fast Facts: 4 Core Types of Bollards

You've probably walked by them on the way into a convenience store or an office building. On the other hand, you may have mistaken them for overly large planters. Maybe you even stopped to smell the flowers. When bollards are placed within the cultural context of a site, it's easy to miss their strategic placement in front of a museum or on a campus.

But bollards aim to stop threats to pedestrian sites, protecting people, assets, and experiences. They are a valuable tool to control vehicle traffic, and those that meet certain crash-ratings have enough stopping power to prevent cars from reaching a building's façade, protecting assets and people. While some will present an upfront investment, they can prevent damage and save an organization the time and money otherwise demanded for repairs.

But not all bollards are made equal, with different types providing different benefits, from aesthetic appeal to solid security.

Global Risk Forecast Warns of More Geopolitical and Technological Strife in 2026

Crisis and risk management firm Crisis24 released its *Global Risk Forecast 2026* report. The report reinforced many of the themes in a risk outlook covered in *Today in Security* last week: Escalating geopolitical instability hotbeds and rapid technological advancement—particularly in artificial intelligence (AI) and drone capabilities—combine to create an incredibly complex, hard-to-manage risk environment.

Both reports cited the need for speed in gathering, analyzing, and acting on intelligence. “Amid this complexity, advantage will depend on foresight and agility,” Crisis24 said in its report. “Organizations that embed live intelligence into decision-making, clarify decision authority, and build flexible recovery mechanisms will adapt at speed—anticipating disruption, acting decisively, and protecting people and operations.”

From Officer to Leader: Rethinking Leadership Development in Security

Every day, security professionals step into situations that require more than vigilance. An officer at a shopping mall defuses a heated argument before it turns violent. A shift supervisor guides a team through an unexpected power outage. A site manager comforts employees rattled by a workplace threat.

These are moments of leadership. Yet too often, the security industry trains officers to follow post orders, not to lead. The result is a workforce strong in compliance but underprepared for the complex, people-centered demands of modern security operations.

President Trump Mandates Effort to Speed-Up Moving Marijuana to a Schedule III Drug

U.S. President Donald Trump signed an executive order Thursday evening that could change the way marijuana is regulated in the country and create confusion for drug testing policies.

The order instructs U.S. Attorney General Pam Bondi to take “all necessary steps” to complete a rulemaking process to reschedule marijuana to a Schedule III drug from a Schedule I drug under the Controlled Substances Act.

Moving marijuana to a Schedule III designation would mean that it has less potential for abuse than drugs that are Schedule I—such as heroin, lysergic acid diethylamide (LSD), and 3,4-Methylenedioxymethamphetamine (ecstasy)—and Schedule II—like cocaine, methadone, oxycodone, and fentanyl.

ASIS International Announces the Launching of a New Join Process

Effective February 14, 2024, ASIS International will launch the new join process. What does this mean for our new International members?

1. It will be easier to join ASIS International – the application stays the same, but the payment process will be easier. The website to join International remains <https://www.asisonline.org/join>
2. If International members want to purchase multiple products from the ASIS store with their membership – they will receive the membership discount. For example – someone may decide to add membership and a webinar to their cart – the webinar will be discounted to FREE at checkout due to the customer being recognized as a new member upon purchase.
3. Regardless of when someone joins, their International membership will be good for one FULL year (At this time, if you joined in March – though you'd pay full price, you'd only receive membership for 9 more months).
4. Expiration dates will appear in an International member's My Account section and multiple reminders will be sent out via ASIS International upon renewal time.
5. International members continue to have the ability to sign up for auto renewal and save 5% or renew for three years in advance to save 10% AND lock in the current price.
6. Soon International members will have the option to pay by PayPal.

Once you join – your International expiration date always stays the same. Unless you let your International membership lapse – then you would need to rejoin the International Association and you will receive a new International expiration date.

And when you join the Chicago Chapter as a new member and pay your dues what happens next? Your expiration date for your Chapter Dues will now be the same as your International Dues expiration date.

For now, those of us who have joined International and the Chapter prior to February 14, 2024, your International and Chapter Dues Expiration Date will continue to remain 12/31 of each year.

ASIS Chicago Chapter Event Registration Information

We always look forward to having everyone join us at our monthly chapter events and we welcome all guests! However, it's essential to ensure that you have provided your up-to-date contact information when signing up for yourself or a guest. We require this information to inform all attendees in case of an emergency, such as a cancellation or change in venue. Unfortunately, during our January meeting, we had to cancel due to a burst water pipe, and we were unable to reach everyone. We noticed that some people did not enter a phone number when registering, or if someone registered a guest, they did not include their contact information. Therefore, please make sure to add your contact information when registering for our events, including your phone number and email address. Current ASIS members can keep this information updated from their International and Chapter profiles, while non-members can update this information when registering for an upcoming event. Thank you, and we look forward to seeing you at one of our future events!

Making Profile Changes to your ASIS International & Chicago Chapter Profile

Did you know that if you make changes to your ASIS International Profile, you have to go into your Chicago Chapter Profile and do the same? Yes, unfortunately, when an International & Chicago member makes a change to their profile in either system, the changes do not carryover. Thus, if you change jobs, change emails, add a certification, etc., you must make those changes in both systems. So, periodically check your International and your Chicago Profile for accuracy and up-to-date information. Your profile is only as good as you keep it current.

Do You Feel Overwhelmed by the Emails Being Sent From ASIS?

We have heard from several Chicago members that they feel inundated and overwhelmed with emails from the Chapter. We as a Board and Chairs, do our best to keep our Chapter communications to a minimum. We send out one to two announcements per week for our upcoming events and increase the frequency the week of so that those whose schedules free up at the last minute can attend.

As we investigated this issue further, we believe that perhaps the root of the “too many emails from ASIS” are from International, specifically, the Community Connections emails. Based on your selected preferences in your International profile of interests/expertise, International will then send those applicable Community emails. Those notifications can be modified by going into your ASIS International profile and changing your ASIS Connected Community Settings and/or your email & communication preferences as follows:

Step 1: After logging into ASIS International, click on My Information, select My Account, and then in the ASIS Links box to the right – My Communication Preferences.

Step 2: After making and saving changes scroll to the bottom of the page and click on ASIS Connected Community. Click on My Connections to see which ASIS Communities you are enrolled in and determine how often you want to receive them – daily or weekly. Make your changes and then hit save (also check to see who you are following).

Step 3: Move to the My Community Tab and select Email Preferences and verify or change your preferences and hit save. In this same tab, select Communication Notifications and do the same.

Need help? Call ASIS International Membership (703-519-6200) and they can help walk you through the process.

Update: Meeting Announcements From Chapter Webmaster

Below is an article from StarChapter, our website service and the service we use to send out mass emails to our Chapter members and nonmembers explaining a change in the From Address from mass emails coming from our Chapter. In the past the announcements about our meetings and events used to come from ***webmaster@asischicago.net***. The new email address being used is now: ***postmaster@mg.asischicago.net***. Please make sure that you check your junk and spam folders in case these emails are going there and unblock that new ***postmaster@mg.asischicago.net***. Thanks.

StarChapter made some updates to our mass emailing features to comply with new guidelines required by Google and Yahoo. This change in From Address is in place to ensure to those providers that mass emails coming from your organization are authentic, and not spam. It may take some time for all email providers to adapt based on those guidelines, as all bulk email tools are experiencing an increase in delivery issues immediately following these new requirements. This issue should improve as email providers adapt to the new policies.

Moving forward, all mass email sent through your StarChapter system will be from ***postmaster@mg.yourdomain.ext***. ***Yourdomain.ext*** will be replaced with your organization's domain name. You will still have the ability to add a unique reply-to email address or sender name to your message when setting up your email campaigns.

Please reference ***[this article](#)*** for further information and tips to maximize your delivery.

Best,

The StarChapter Team

Make Sure to Follow the New ASIS Chicago Chapter LinkedIn Page

Hello everybody! Currently, there are two different LinkedIn pages for the ASIS Chicago Chapter. One of the pages is a private group page and the other one is a public company page. These two different LinkedIn pages can often cause confusion on where to look and interact with. Due to these issues, we as a chapter will no longer be supporting or posting on the private group page. All social media content moving forward will be posted on ASIS Chicago Chapter's public LinkedIn page. This new change will give us the option to attract new members to the chapter and upcoming events. If you have not done so already then make sure to follow the new public LinkedIn page to stay up to date with chapter events and news!
