PIERRE BOURGEIX MS, MBA, CPP

**Board Nominee, Senior Partner,
Cyber and Governance, ButchkoESI**

Within the security industry, Pierre spent 20 years as a global security consultant and innovator, at such industry leaders as ADT, HySecurity, Wallace International, Tyco, SecureState, and ESICONVERGENT LLC/ ButchkoESI. Pierre has had years of experience within the physical and cyber security arena and has been involved in developing security governance programs and has been integral in the design of enterprise security systems. His primary expertise is physical, cyber security governance and is a SME in video security analytics and integration. Pierre's path has taken him from the physical security barrier industry, gate control, electronic security, managed services security, and finally cyber security arena.

Pierre has worked on projects throughout the Middle East including Saudi Arabia, UAE, Kuwait, and throughout the Middle East and Asia. Pierre has spoken at many conferences such as ISC, manufacturer events, and association meetings globally. Pierre is one of the thought leaders in convergence of IT, OT, and physical security.

He is presently involved in creating security standards for the testing of products, systems, and solutions. Pierre also has developed a model that will explain the physical-security kill-chain which will lead to the need for proper predictive analytics across IT, OT, and physical security. Pierre has assisted in developing a converged security gap assessment that can assist companies in developing a proper risk rating across IT, OT, and physical security. He has also been involved in helping create SIA cyber security certificate. Pierre speaks fluently in English, French, and Arabic.

CERTIFICATION CO-CHAIRPERSON

On the upcoming ASIS Chicago Chapter Study Group on
February 12, 2022 - April 9, 2022 from 9 am - 11 am via Zoom

Hello Security Professionals,

Registration opens on January 11, 2022 for our 2022 ASIS Chicago Study Group (SG2022). The Study Group begins Saturday, February 12, 2022 and ends Saturday, April 9, 2022. The Group is being hosted by ASIS Chicago via Zoom.

Below is a description of the Study Group (SG); and why it's a great opportunity to help you prep for and pass the CPP, PCI, APP and/or PSP exam.

Intended Audience: Security professionals planning to take their ASIS certification examination within the next 3-6 months.

ASIS CHICAGO STUDY GROUP OVERVIEW:

This study group (SG) method is a simple and effective exam prep technique. Our SG provides attendees the opportunity to participate in an informal and practical learning experience.

The SG is effective because attendees interact directly with like-minded individuals who possess meaningful, security-related experience, knowledge, and expertise. Attendees also learn how to use the ASIS Possession of Assets (POA) Manual, Standards and Guidelines, and other source materials to prepare for the rigorous, stressful, and challenging examinations.

Attendees discover new and effective study methods and techniques CPPs, PSPs, APPS and PCIs have used to prep for and pass their Exams. Attendees also learn which techniques are less effective for passing the Exams.

METHOD:

- Each attendee is assigned a security-related topic from the POA, and/or the Standards and Guidelines to present during the SG.
- Attendees create and present a 15 minute Powerpoint summary of their assigned topic to fellow attendees.
- Attendees also compose 20 questions and answers from their assigned topic to share with other attendees. (Consider this a "potluck" version of building a test Q&A bank.)
- All questions and answers are pooled together to create a large practice examination with Q&As from all subject matter areas.
- CPPs, PSPs, APPs, and PCIs may also attend the SG and give presentations and answer questions about their experiences prepping for, and taking their exam.

ASIS Chicago Chapter Study Group Continued

ANTICIPATED OUTCOME/BENEFITS:

Participating in the SG is like "pre-season football, baseball, or hockey" for test takers. For many it's been a while since we prepped for a serious exam. The SG gradually improves your study habits, concentration skills, and test-taking techniques.

The SG allows you to network with others who have passed (and failed) their ASIS test; allowing others to learn from their experiences. ASIS exams are challenging and intense. Few are able to pass the test without serious preparation. I equate it to running a marathon. For most runners, it takes six months of prep to run 26 miles and live-- after crossing the finish line.

This SG offers a similar benefit for those intending to take their test. Using the SG helps you identify your strong and weak areas. Participating in the SG gradually and consistently improves your test taking abilities and self confidence. Taking the practice tests gives you instant feedback on your progress and prep methods. If your practice test scores are not improving, you need to change your prep methods.

Also, the more "real-world" practice tests you take before your real exam reduces your test day anxiety. Think of your practice exams as "dress rehearsals" for ASIS Exam Day. Costs are minimal. Attendees who participate in the Study Group and complete their assigned topics receive copies of all SG materials (power points, practice questions and answers, tips, etc.). Attendees must have their 2022 ASIS, International and local Chicago Chapter dues paid. Local Chapter dues are \$20.

STUDY GROUP SESSION SCHEDULE:

- Session 1: Saturday, February 12; 9-11a (First meeting)
- Session 2: Saturday, February 19; 9-11a
- Session 3: Saturday, February 26; 9-11a
- Session 4: Saturday, March 5; 9-11a
- Session 5: Saturday, March 12; 9-11
- Session 6: Saturday, March 19; 9-11a
- Session 7: Saturday, March 26; 9-11a
- Session 8: Saturday, April 2; 9-11a
- Session 9: Saturday, April 9; 9-11a (Last meeting)

MATERIALS NEEDED:

- Computer, smartphone, or iPad-like device to access Zoom, and Microsoft Powerpoint or equivalent (Keynote for Mac)
- Access to ASIS, International Possession of Assets Manual (POA) will be granted to paid members via Chicago Chapter.
- Download and read the 2022 ASIS Certification Handbook

ASIS Chicago Chapter Study Group Continued

Also Seeking CPP, PSP, APP and PCI Presenters: CPPs, PSPs, APPs and PCIs volunteers are needed to present and talk about security and their prep methods and exam war stories. Presenters receive CEUs.

Contact PJ Jordan if you can assist us. We ask that presenters review their past presentations and update them where appropriate to include current, relevant security-related content.

ELIZABETH MOSLANDER, CPP, CBCP

Identity and Access Control
Program Manager, One Medical

Elizabeth brings more than 30 years of security experience and has a proven knowledge of corporate security, crisis management and asset protection. Elizabeth is currently the Security Program Manager for Identity & Access Control at One Medical and is responsible for security operations at more than 140 sites across the US. Between these sites, she is responsible for about 2000 contract security hours a month.

Prior to this, she helped consult with several notable fortune 500 corporations. She assisted with the development and implementation of the first hair follicle drug testing policy / procedure, supported red team activities and added 3rd party security personnel overnight to client responsibilities.

She has been a member of ASIS for over 20 years and has held positions of responsibility at the Illinois North Shore Chapter level (Chapter Chair / Treasurer) as well as globally during her tenure. She joined the ASIS Women in Security Council (WIS) in 2015 and grew into the Global Liaison Co-Chair in 2016. In 2017 she became the WIS Council Secretary / Vice Chair and then served as Chairwoman in 2018 & 2019. She continues to support WIS and was appointed to the Budget, Finance & Audit Committee in 2020 & 2021. Elizabeth also is a huge supporter of mentorship and helps to promote the excellence women add to the field of security around the world.

2021 Year in Review & A Look Ahead to 2022

If you were unable to attend the annual Holiday Party where the 2021 year in review was discussed in slideshow format, you are in luck! Below you can find a bulleted list of our Chapter accomplishments:

- Upgraded the Chapter Website
- Rolled out a new method of payment- StarChapter Pay
- Filled all the Volunteer Chair positions
- Returned to in-person meetings successfully
- Annual Dick Norwood Golf Outing
- Reinstated the Chapter Newsletter monthly
- Revitalization of Women in Security
- Roll out of Chapter Mentorship Program
- Connecting two of our ASIS Chicago Chapter pages into one on LinkedIn
- Successful Chapter Study Group

Looking ahead to 2022, we are excited to continually improve the Chapter and are implementing the following changes:

- Monthly Chapter meetings will start at 11:00 am
- Reduction of Local Chapter dues to \$10
- Future roll out of Retiree Membership dues of \$5
- Future roll out of Student Membership
- Membership Survey
- Increased Social Media presence
- Collaboration between YPELS and Women in Security
- Collaboration between Mentorship Program, YPELS, Women in Security and Membership Program
- Continued roll out of Mentorship Program
- Upcoming Chapter Study Group via Zoom (February 12, 2022 - April 9, 2022)
- Annual Dick Norwood Golf Outing (June 24, 2022 at Ruffled Feathers Golf Course)

ASIS HOLIDAY PARTY PHOTOS

Photographs by Eugene Posey from the Chicago Chapter's 2021 Holiday Party. We had a wonderful time connecting and re-connecting with friends and colleagues at our annual party. Thank you to all who attended and we hope to see you at our upcoming chapter meetings and events.
