HAMID CHAUDHRY, CPP

ASIS Chicago Chapter Program Chairperson

Hamid started as a security officer 22 years ago and has held nearly every role in the security market. He has had the honor of supporting some of the titans of industry such as The Art Institute of Chicago, Facebook, Dell and Toyota.

In addition to the CPP and CIPM he is a certified instructor in CPR/AED/First Aid, Retractable Baton, Quick Cuffs, Pepper Spray and Tae Kwon Do. Hamid holds a BA in economics from Northeastern Illinois University and an MBA in International Business from Hult International Business School.

He enjoys travel, street food, long walks on the beach at sunset, video games and comic books.

ASIS INTERNATIONAL INVOICE CHANGES

ASIS International has made changes to the invoicing language to help distinguish between payment to **International Dues** and payment for **Chapter Dues**. Taking effect immediately, the Chapter line on the Invoice will use the word "Affiliation" instead of Membership. Why? To help members understand that membership requires two payments- one for ASIS International, and one specifically to the Chicago Chapter.

Here's how the language change will be reflected on your invoice:

DESCRIPTION

Security Management Magazine-Member Benefit
Chicago Chapter Affiliation
Regular Renewal Membership Dues

INSIDE CPP STUDY GROUP

I took on the challenge to become a Certified Protection Professional (CPP) to enhance my security infrastructure knowledge and continue to build upon my physical security lens. My previous 21-year experience as a Criminal Intelligence Analyst with the U.S. Government has allowed me to leverage investigations. I view the CPP as a complement to my already existing toolbox and skillset.

I joined the ASIS Chicago Chapter CPP Study Group because the material covered can help you prepare for the CPP test as well as allow you to assess your individual level of knowledge during test preparation. I am studying for the CPP exam because a CPP certification is considered the gold standard for more than 40 years and provides demonstrable proof of knowledge and management skills in seven key domains of security.

I am studying for the CPP to further my career and be the best subject matter expert I can be. I believe this study group will provide me the rest of the materials I need to succeed.

ASIS Career Resources For Job Seekers & Employers

ASIS International Career Headquarters

At the International Level there is a section 'Career Headquarters' under the 'Personal Development' banner on the International website. Job seekers can post their resumes (even privately) and seek job opportunities.

Employers can also post job openings to find their next security professional.

WE ARE HIRING

On the Chicago Chapter website under 'Resources' on the left hand side of the website is 'Job Postings' there are many local employers with job openings in the Chicago Metropolitan area.

Visit ASIS Career Resources today!

OVERWHELMED BY ALL THE ASIS EMAILS?

We have heard from several Chicago members that they feel inundated and overwhelmed with emails from the Chapter. We as a Board and Chairs, do our best to keep our Chapter communications to a minimum. We send out 1-2 announcements per week for our upcoming events and increase the frequency the week of so that those whose schedules free up at the last minute can attend.

We believe that the root of the “too many emails from ASIS” are from International, specifically, the Community Connections emails. Based on your selected preferences in your International profile of interests/expertise, International will then send those applicable Community emails. However, the notifications can be modified by going into your ASIS International profile and changing your ASIS Connected Community Settings and/or your email & communication preferences as follows:

- 1** After logging into ASIS International, click on My Information, select My Account. In the ASIS Links box to the right, click on My Communication Preferences.
- 2** Scroll to the bottom of the page and click on ASIS Connected Community. Click on My Connections to see which ASIS Communities you are enrolled in and to see who you are following. Determine how often you want to receive them – daily or weekly. Make sure to save all of your changes.
- 3** Move to the My Community tab and select Email Preferences and verify or change your preferences. Click on save. In this same My Community tab, select Communication Notifications and verify or change your preferences. Make sure to save all of your changes.

Still need help? Call ASIS International Membership (703-519-6200) and they can help you further.

SAFE CHICAGO

SAFE CHICAGO is a new public safety program launched by OEMC in partnership with the Chicago Fire Department, Chicago Police Department, and Assets and Information Services.

MISSION Safe Chicago's mission is to improve the safety of municipal employees by making life-saving bleeding control equipment and training readily available in the workplace for anyone to use in the event of an emergency.

THE PROGRAM Bleeding control kits will be installed at every occupied, City-owned or leased facility and when used can bridge the gap between initial life-threatening injury and EMS arrival. For additional details, visit Chicago.gov/OEMC or stopthebleed.org

 **BLEEDING CONTROL KITS** One wall-mounted kit is designed to treat 8 victims before EMS arrives. Each kit includes a tourniquet, combat gauze, trauma shears, gloves, blanket, marker, and an instruction manual.

Life-threatening bleeding emergencies can be the result of falls, penetrating injuries, gunshot wounds, and more. Knowing how to control bleeding from a serious injury is essential knowledge to keep you and those around you safe.

Quick Tips for Controlling Bleeding from a Limb:

1. Call 911, ensure scene safety, don PPE
2. Place tourniquet 2-3 inches above patients bleeding site
3. Tighten tourniquet until the bleeding stops
4. Mark time tourniquet was applied and stay with patient until help arrives
5. NEVER take off a tourniquet once applied
