Leaders in Security Come Together to Champion Diversity

Emerging leaders and industry icons came together at the highly anticipated 2nd Annual Emerging Leaders in Security Conference. The event hosted by the ASIS Chicago NextGen and Women in Security committees was held on May 18th at Willis Tower. The event brought together a diverse group of security industry professionals to create a collaborative atmosphere to network, learn, and grow within the booming security sector.

The event kicked off with an inspiring look into the great opportunities available to those willing to take it, as shared by event host and curator, Essam Choudhary Founder & President of the National Center for Security Innovation. Our keynote speaker, Keith Kambic, CPP, Senior Director of Security and Life Safety for EQ Office at Willis Towers, shared how his journey included many mentors, specifically his first mentor who was a woman in security in the retail industry who honed his security and investigative skills. Under her tutelage and guidance, along with other mentors, helped to shape his passion to be a mentor himself and to see the true potential of his team. He encouraged the attendees to not only believe in their own abilities but to be a part of the tradition of mentorship and collaborative growth. His story was truly awe-inspiring to the over 100 people in attendance.

After a delicious lunch provided by Harry Caray's, our own Women in Security Chair and event co-host, Suzanne Monreal, CPP, brought onto the stage an influential, and diverse group of Women in Security to speak on their career journeys. These women were Brandi Srda, CPP, Stefanie Drysdale, CCAP, Erin Belknap, CPP, CBCP, and Latrice Coleman, CIPI. Sue lead the discussion with a bright mix of energy and in-depth questions that the panelists used to really bring to life their stories. Each of these women panelists highlighted the ways their path to success is possible for others and the key skills to focus on along the way. These insights brought forth the clarity that anything is possible through dedication, hard work and celebrating our diversity. The event ended with a tour of Willis Towers Sky-Deck

ASIS Chicago Women in Security and NextGen would like to thank our sponsors for this event including Equity Office, Titan Security, CBRE, P4 Companies, Sterling Bay, Guidepost Solutions, Allied Universal, Axis Communications, and the ASIS Chicago Chapter.

This event kicks off others that will occur over the summer with a focus on either solely Women in Security or NextGen members and their guests and will bring more networking, education, and growth opportunities. If you would like to learn more about how you can support ASIS Chicago, Women in Security, or NextGen, please contact Suzanne Monreal, CPP, Women in Security Chair, at smonreal@titan-security.com or Essam Choudhary at echoudhary@perimetersecuritysolutions.com.

Do you feel overwhelmed by the emails being sent from ASIS?

We have heard from several Chicago members that they feel inundated and overwhelmed with emails from the Chapter. We as a Board and Chairs, do our best to keep our Chapter communications to a minimum. We send out one to two announcements per week for our upcoming events and increase the frequency the week of so that those whose schedules free up at the last minute can attend.

As we investigated this issue further, we believe that perhaps the root of the “too many emails from ASIS” are from International, specifically, the Community Connections emails. Based on your selected preferences in your International profile of interests/expertise, International will then send those applicable Community emails. Those notifications can be modified by going into your ASIS International profile and changing your ASIS Connected Community Settings and/or your email & communication preferences as follows:

Step 1: After logging into ASIS International, click on My Information, select My Account, and then in the ASIS Links box to the right - My Communication Preferences.

Step 2: After making and saving changes scroll to the bottom of the page and click on ASIS Connected Community. Click on My Connections to see which ASIS Communities you are enrolled in and determine how often you want to receive them - daily or weekly. Make your changes and then hit save (also check to see who you are following).

Step 3: Move to the My Community Tab and select Email Preferences and verify or change your preferences and hit save. In this same tab, select Communication Notifications and do the same.

Need help? Call ASIS International Membership (703-519-6200) and they can help walk you through the process.

2023 Change to Membership Access to the ASIS International Protection of Assets (POA)

Due to a change in ASIS International's policy regarding the availability for Chapters to provide a yearly subscription to the Protection of Assets (POA) to its Chapter members, the Chicago Chapter is no longer able to provide this service. There will be a new version of the POA that has been heavily updated and revised by International and will be available from the ASIS International Store in late January at the cost of \$499 for Members and \$699 for Non-Members. Please note that this new version will be easier to maneuver and purchase of the eBook version of the POA will allow the user/owner to copy and paste and print out pages from the electronic version. We regret that we can no longer provide this benefit to our members. Wishing all our members a happy and prosperous New Year.

Making Profile Changes to your ASIS International & Chicago Chapter Profile

Did you know that if you make changes to your ASIS International Profile, you have to go into your Chicago Chapter Profile and do the same? Yes, unfortunately, when an International & Chicago member makes a change to their profile in either system, the changes do not carryover. Thus, if you change jobs, change emails, add a certification, etc., you must make those changes in both systems. So, periodically check your International and your Chicago Profile for accuracy and up-to-date information. Your profile is only as good as you keep it current.

We are Moving LinkedIn Pages

Hello everybody! Currently, there are two different LinkedIn pages for the ASIS Chicago Chapter. One of the pages is a private group page and the other one is a public company page. These two different LinkedIn pages can often cause confusion on where to look and interact with. Due to these issues, we as a chapter will no longer be supporting or posting on the private group page. All social media content moving forward will be posted on ASIS Chicago Chapter's public LinkedIn page. This new change will give us the option to attract new members to the chapter and upcoming events. If you have not done so already then make sure to follow the new public LinkedIn page to stay up to date with events and chapter news!
